## MY STORY

Hey, I'm Sarmad! I'm a professional travel photographer based in northern Germany. Photography started out as a hobby for me. Back in 2019 I took my first landscape photography trip to Iceland and I was instantly hooked. I've never seen such unreal landscapes before and I wanted to capture all of it, as well as the emotions that come along with such places. Ever since then I've been obsessed with exploring and capturing photos of the beautiful places on our planet.
